Separate pay component

The employee will be paid a separate pay component of 7.7% as a weekday public holiday compensation in connection with every wage payment.

The separate pay component of 7.7% is also paid to those working reduced hours. The separate pay component must be itemised in the payslip. The separate pay component may not be included in the employee's time rates, piece rates or bonus pay. The separate pay component does not count towards the holiday bonus.

The Act on Celebrating Independence Day as a Public Holiday applies to paying wages for Independence Day. On Independence Day, employees are entitled to full pay or sick pay.

The holiday bonus will be 18.5% of the wages paid during the employment period. A 14% holiday bonus will be paid before the beginning of summer holiday and a 4.5% holiday bonus before the beginning of winter holiday. The pay received during a period of sickness or injury also counts towards the holiday bonus.

Sick pay is paid in full for time rate work. However, the maximum amount for piecework is EUR 22/h.

Protective clothing and safety equipment

In accordance with the regulations laid down in the collective agreement, the employer shall acquire optically polished anti-glare goggles and conspicuously coloured tool vests with integrated safety harnesses for employees who require this equipment at work.

Employee's self-notification for absences due to illness:

A self-notification procedure must be agreed in companies for common cold type absences lasting no more than 3 days. The parties cannot agree that a medical certificate should always be submitted as proof of absence. The agreement should be made in writing.

If a self-notification procedure has not been agreed, the employer or its representative will accept the employee's notification in common cold type disability in absences lasting no more than three days. In that case, the following rules are followed:

- The employee must notify their supervisor of the absence immediately or before the beginning of the shift at the latest.
- If the notification has not been submitted before the beginning of the shift, sick pay will not be paid for the absence.
- For a justified cause, as in those cases where the employee has several repeated absences, the employer can request a medical certificate as proof of disability.
- The self-notification procedure is not applied during an annual leave.

The parties recommend that, when agreeing on the self-notification procedure, the local agreement should include procedures for absences caused by the temporary care of a child under 10 years old.

Shift allowances:

evening shift allowance EUR 1.15/h,
night shift allowance EUR 2.15/h.

Per diem allowance EUR 42, accommodation allowance EUR 57/day and overnight allowance EUR 12/day.
