Sick pay

Average hourly earnings over the last 12 payment periods. Businesses must agree on a self-reporting procedure for flu-type sick leave of up to 3 days. It is not possible to agree that a medical certificate is always required.

Separate salary component

In connection with each wage payment, employees are paid a separate salary component of 7.7% for New Year's Day, Epiphany, Good Friday, Easter Monday, May Day, Ascension Day, Midsummer Eve, Christmas Eve and Christmas Day as a public holiday allowance.

The salary component also includes pay for reduced working time. Independence Day pay is subject to the Act on Celebrating Independence Day as a National Holiday.

For Independence Day, the employee is paid full pay if it would otherwise have been a working day for the employee.

The separate salary component of 7.7% is also paid for those working reduced hours. The salary component must be specified on the payslip. The salary component may not be included in the employee's time-based, piecework or premium wages. Holiday pay is not accrued on the separate salary component.

The amount of holiday pay

is 18.5% of the pay for the period of employment.

14% of the holiday pay is paid before the start of the summer holiday and 4.5% before the start of the winter holiday.
